

Unidis Group - Company Profile

About Us

Unidis Group is a dynamic multinational enterprise engaged in the marketing and promotion of premium pharmaceutical, nutraceutical, and healthcare brands across diverse international markets. With a footprint spanning South East Asia, Eurasia (Armenia, Kazakhstan, Russia), Central Africa, and the GCC, Unidis has positioned itself as a trusted name in delivering health and wellness solutions to emerging and established economies.

Business Model

Unidis Group focuses on marketing, distribution, and brand building of its proprietary product lines across its target regions. We operate through a robust network of distribution partners, local agents, and regional teams that ensure strategic market penetration, brand visibility, and regulatory compliance.

Manufacturing Alliances

We maintain exclusive manufacturing collaborations with GMP-certified facilities in Europe and India, ensuring global quality standards and product reliability. Our diversified manufacturing base allows us to maintain competitive pricing and flexibility while adapting to regional regulatory needs.

Our Brands

Unidis owns and promotes a portfolio of innovative, research-backed health products in the domains of:

- Pharmaceuticals (Rx & OTC)
- Nutraceuticals
- Functional Foods & Beverages
- Oral Dispersible Films (ODFs)
- Wellness & Preventive Care
- Medical Devices (select categories)

Key Strategic Offices

- Unidis Global Kft – Hungary: Acts as our central coordination hub for European operations, regulatory affairs, and manufacturing partnerships.
- Biodis Middle East Trading LLC – Dubai, UAE: Serves as the commercial base for operations in the Gulf and wider MENA region, managing import, registration, and market access.

Strengths of Unidis Group

- Wide Geographic Reach across high-growth and underpenetrated markets
- Experienced Cross-Cultural Teams with strong local insights
- Innovation-Driven Portfolio with focus on unmet healthcare needs
- Integrated Global Supply Chain and reliable distribution capabilities
- Regulatory Expertise across multi-country frameworks

Vision

To be a global leader in delivering trusted, affordable, and effective healthcare solutions that enhance the quality of life in emerging and frontier markets.

Mission

To drive healthcare innovation through strategic global partnerships, regional excellence, and a customer-first approach.

Core Values

- Excellence in Service
- Innovation with Purpose
- Integrity & Transparency
- Global Collaboration
- Sustainable Growth
